L'NEE is peerless, gifted, and explosive; she puts the "E" in Entertainer. Her voice conveys a masterful mix of sexy and soft Pop, sultry R & B, aggressive Hip Hop and eccentric funky alternative.

She is a singer, writer, choreographer, and rapper (not necessarily in that order)!

All these traits combined result in an electrifying performance! **L'NEE** appeared on Cougar Radio gaining 25% percent of the vote against Fifty Cents with her song titled B.L.U.E. A "DJ" overseas stated, "The first song "Roll" is excellent.

It's in a class where it would chart for sure." She has enhanced numerous shows in the East and West coast.

She studied with the great instructor Seth Riggs who has worked with many musical legends such as Lionel Richie, Whitney Houston, and Michael Jackson (to name a few).

Lisa Renee was able to master his technique in one session! Her performances adds a sense of humor and a beautiful spirit that has inspired many people from coast to coast.

She is who she is, she does what she says, she writes to the rhythm, she dances to the drop of a beat, she sings to the ring of a note. She is like no other. . . Laughing Inspriational Smiling Angel
